PUBLIC NOTICE OF INTENT TO ISSUE AIR PERMITS

ENVIRONMENTAL Protection Commission of Hillsborough County Draft/Proposed Permit No. 0570092-033-AV

Draft Air Construction Permit No. 0570092-032-AC

Kinder Morgan Port Sutton Terminal, LLC Hillsborough County, Florida

Applicant: The applicant for this project is Kinder Morgan Port Sutton Terminal, LLC. The applicant's responsible official and mailing address are: Rodney Palmer, Director of Operations, Kinder Morgan, 4942 Pendola Point Road, Tampa, FL 33619.

Facility Location: The applicant operates the existing facility, which is located in Hillsborough County at 4310 Pendola Point Road, Tampa, FL 33619.

Project: The applicant applied on April 30 and June 16, 2021 to the EPCHC for an air construction permit modification and a revised Title V air operation permit. The existing facility consists of receiving various bulk materials from ships, trucks, or railcars, and storing the materials onsite. The products are shipped off-site by truck, ship, or railcar. Emissions are controlled through the use of dust suppressants and enclosures.

The air construction permit removes the Hartford Street Terminal operations because Kinder Morgan no longer owns the terminal. Also, the project allows the facility the flexibility to handle new materials that are similar to the materials that are already authorized to be handled.

The Title V revision project incorporates the air construction permit. The facility remains a major source of PM emissions.

Permitting Authority: Applications for air construction permits are subject to review in accordance with the provisions of Chapter 403, Florida Statutes (F.S.) and Chapters 62-4, 62-210 and 62-212 of the Florida Administrative Code (F.A.C.). The proposed project is not exempt from air permitting requirements and an air permit is required to perform the proposed work.

Applications for Title V air operation permits are subject to review in accordance with the provisions of Chapter 403, Florida Statutes (F.S.) and Chapters 62-4, 62-210, and 62-213, of the Florida Administrative Code (F.A.C.). The proposed project is not exempt from air permitting requirements and a Title V air operation permit is required to operate the facility.

The Environmental Protection Commission of Hillsborough County (EPCHC) is the Permitting Authority responsible for making a permit determination for these projects. The Permitting Authority's physical mailing address is: 3629 Queen Palm Dr., Tampa, FL 33619. The Permitting Authority's telephone number is (813) 627-2600.

Project File: A complete project file is available for public inspection during the normal business hours of 8:00 a.m. to 5:00 p.m., Monday through Friday (except legal holidays), at the address indicated above for the Permitting Authority. The complete project file includes the draft air construction permit, the draft/proposed Title V air operation permit, the Statement of Basis, the application, and the information submitted by the applicant, exclusive of confidential records under Section 403.111, F.S. Interested persons may view the draft/proposed permits by visiting the following website: https://fdcp.dep.state.fl.us/air/emission/apds/default.asp and entering the permit number shown above. Interested persons may contact the Permitting Authority's project review engineer for additional information at the address or phone number listed above.

Notice of Intent to Issue Air Permit: The Permitting Authority gives notice of its intent to issue an air construction permit to the applicant for the project described above. The applicant has provided reasonable assurance that operation of proposed equipment will not adversely impact air quality and that the project will comply with all appropriate provisions of Chapters 62-4, 62-204, 62-210, 62-212, 62-296 and 62-297, F.A.C. The Permitting Authority will issue a final permit in accordance with the conditions of the proposed draft air construction permit unless a timely petition for an administrative hearing is filed under Sections 120.569 and 120.57, F.S. or unless public comment received in accordance with this notice results in a different decision or a significant change of terms or conditions.

The Permitting Authority gives notice of its intent to issue a Title V air operation permit to the applicant for the project described above. The applicant has provided reasonable assurance that continued operation of existing equipment will not adversely impact air quality and that the project will comply with all appropriate provisions of Chapters 62-4, 62-204, 62-210, 62-212, 62-213, 62-296 and 62-297, F.A.C. The Permitting Authority will issue a final Title V air operation permit in accordance with the conditions of the draft/proposed Title V air operation permit unless a timely petition for an administrative hearing is filed under Sections 120.569 and 120.57, F.S. or unless public comment received in accordance with this notice results in a different decision or a significant change of terms or conditions.
