ENVIRONMENTAL PROTECTION COMMISSION OF HILLSBOROUGH COUNTY

NOTICE OF INTENT TO ISSUE AIR PERMITS

Draft/Proposed Permit Nos.  
0570472-008-AV/0570472-009-AC

Tampa Fiberglass, Inc.  
Hillsborough County, Florida

**Applicant:** The applicant for this project is Tampa Fiberglass, Inc. The applicant's responsible official and mailing address are: Mr. Kenneth McCleave, Tampa Fi- berglass, Inc., 4209 Raleigh Street, Tam- pa, FL 33619.

**Facility Location:** The applicant op- erates a fiberglass reinforced plastics and boat manufacturing operation, which is located in Hillsborough County at 4209 Raleigh Street in Tampa, FL 33619.

**Project:** The purpose of this project is to renew and revise the Title V permit for the facility. As part of this project, the manufacture of fiberglass reinforced plas- tic boats is being included in the renewal permit to reflect the facility's current op- erations. Therefore, the facility is subject to the NESHAP for Boat Manufacturing, 40 CFR 63, Subpart VVVV, in addition to the NESHAP for Reinforced Plastic Com- posites Production, 40 CFR 63, Subpart WWWW. A concurrent Air Construction permit is being issued to the facility to re- vise the permitted styrene content limits based on the two NESHAP's above and establish facility-wide emission caps on VOC and HAP emissions.

**Permitting Authority:** Applications for construction and Title V air operation per- mits are subject to review in accordance with the provisions of Chapter 403, Florida Statutes (F.S.) and Chapters 62-4, 62- 210, 62-213 of the Florida Administrative Code (F.A.C.). The proposed project is not exempt from air permitting require- ments and a Title V air operation permit is required to operate the facility. The EPC is the Permitting Authority responsible for making a permit determination for this project. The Permitting Authority's phys- ical and mailing address is: 3629 Queen Palm Drive, Tampa, FL 33619. The Per- mitting Authority's telephone number is (813)627-2600 (Fax: (813)627-2660).

**Project File:** A complete project file is available for public inspection during the normal business hours of 8:00 a.m. to 5:00 p.m., Monday through Friday (except legal holidays), at the address indicated above for the Permitting Authority. The complete project file includes the DRAFT Air Con- struction permit, the DRAFT/PROPOSED Title V permit, the Statement of Basis, the application, and the information submitted by the applicant, exclusive of confidential records under Section 403.111, F.S. In- terested persons may view the DRAFT/ PROPOSED permits by visiting the follow- ing website: <http://www.dep.state.fl.us/air/emission/apds/default.asp> and entering the permit numbers shown above. In- terested persons may contact Diana M. Lee, P.E. for additional information at the ad- dress or phone number listed above.

**Notice of Intent to Issue Permit:** The Permitting Authority gives notice of its in- tent to issue a DRAFT Air Construction permit and a DRAFT/PROPOSED Title V air operation permit revision to the ap- plicant for the project described above. The applicant has provided reasonable assur- ance that continued operation of the ex- isting equipment will not adversely impact air quality and that the project will comply with all appropriate provisions of Chapters 62-4, 62-204, 62-210, 62-212, 62-213, 62-296 and 62-297, F.A.C. The Per- mitting Authority will issue an Air Construction permit and a FINAL Title V operation per- mit, in accordance with the conditions of the DRAFT/PROPOSED permits unless a response received in accordance with the following procedures results in a different decision or a significant change of terms or conditions.

**Comments:** The Permitting Author- ity will accept written comments concern- ing the DRAFT Air Construction permit for a period of 14 days from the date of publication of the Public Notice. Written comments must be received by the close of business (5:00 p.m.), on or before the end of this 14-day period by the Per- mitting Authority at the above address. The Permitting Authority will accept writ- ten comments concerning the DRAFT/ PROPOSED Title V air operation permit for a period of 30 days from the date of publication of the Public Notice. Written comments must be received by the close of business (5:00 p.m.), on or before the end of this 30-day period by the Per- mitting Authority at the above address. As part of his or her comments, any person may also request that the Permitting Au- thority hold a public meeting on this per- mitting action. If the Permitting Authority determines there is sufficient interest for a public meeting, it will publish notice of

the time, date, and location in the Florida Administrative Weekly (FAW). If a public meeting is requested within the respective 14-day or 30-day comment periods and conducted by the Permitting Authority, any oral and written comments received dur- ing the public meeting will also be consid- ered by the Permitting Authority. If timely received written comments or comments received at a public meeting result in a sig- nificant change to the DRAFT permits, the Permitting Authority shall issue additional DRAFT/PROPOSED permits and require, if applicable, another Public Notice. All comments filed will be made available for public inspection. For additional informa- tion, contact the Permitting Authority at the above address or phone number.

**Petitions:** A person whose substantial interests are affected by the proposed permitting decision may petition for an administrative hearing in accordance with Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed with (re- ceived by) the Legal Department of the EPC at 3629 Queen Palm Dr., Tampa, Florida 33619, Phone (813)627-2600, Fax (813)627-2602. Petitions filed by the ap- plicant or any of the parties listed below must be filed within 14 days of receipt of this Written Notice of Intent to Issue Air Permits. Petitions filed by any persons other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the attached Public Notice or within 14 days of receipt of this Written Notice of Intent to Issue Air Permits, whichever occurs first. Under Section 120.60(3), F.S., however, any person who asked the Permitting Au- thority for notice of agency action may file a petition within 14 days of receipt of that notice, regardless of the date of publica- tion. A petitioner shall mail a copy of the petition to the applicant at the address in- dicated above, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and par- ticipate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will be only at the approval of the presiding officer upon the filing of a motion in compliance with Rule 28- 106.205, F.A.C.

A petition that disputes the material facts on which the Permitting Authority's action is based must contain the following in- formation: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address and telephone num- ber of the petitioner; the name address and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an expla- nation of how the petitioner's substantial rights will be affected by the EPC determi- nation; (c) A statement of when and how the petitioner received notice of the EPC action or proposed decision; (d) A state- ment of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends war- rant reversal or modification of the EPC's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the EPC's proposed action including an explanation of how the alleged facts relate to the specific rules or statutes; and, (g) A statement of the relief sought by the peti- tioner, stating precisely the action the peti- tioner wishes the EPC to take with respect to the EPC's proposed action. A petition that does not dispute the material facts upon which the Permitting Authority's ac- tion is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing pro- cess is designed to formulate final agency action, the filing of a petition means that the Permitting Authority's final action may be different from the position taken by it in this Public Notice of Intent to Issue Air Per- mits. Persons whose substantial interests will be affected by any such final decision of the Permitting Authority on the applica- tion have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

**Mediation:** Mediation is not available for this proceeding.

**EPA Review:** EPA has agreed to treat the DRAFT/PROPOSED Title V air opera- tion permit as a PROPOSED Title V air operation permit and to perform its 45-day review provided by the law and regula- tions concurrently with the public com- ment period, provided that the applicant also transmits an electronic copy of the re- quired proof of publication directly to EPA at the following email addresses: [oguen- do.ana@epa.gov](mailto:oguen- do.ana@epa.gov) and [Hazziez.natasha@epa.gov](mailto:Hazziez.natasha@epa.gov). Although EPA's 45-day review period will be performed concurrently with the public comment period, the deadline for submitting a citizen petition to object to the EPA Administrator will be determined as if EPA's 45-day review period is per- formed after the public comment period has ended. The final Title V air operation permit will be issued after the conclusion of the 45-day EPA review period so long as no adverse comments are received that result in a different decision or significant change of terms or conditions. The sta- tus regarding EPA's 45-day review of this project and the deadline for submitting a citizen petition can be found at the follow- ing website address: <http://www.epa.gov/region4/air/permits/Florida.htm>.

**Objections:** Finally, pursuant to 42 United States Code (U.S.C.) Section 7661d(b)(2), any person may petition the Administrator of the EPA within 60 days of the expiration of the Administrator's 45-day review period as established at 42 U.S.C. Section 7661d(b)(1), to object to the issuance of any Title V air opera- tion permit. Any petition shall be based only on objections to the Permit that were raised with reasonable specificity dur- ing the 30-day public comment period provided in the Public Notice, unless the petitioner demonstrates to the Administra- tor of the EPA that it was impracticable to raise such objections within the comment period or unless the grounds for such ob- jection arose after the comment period. Filing of a petition with the Administrator of the EPA does not stay the effective date of

any permit properly issued pursuant to the provisions of Chapter 62-213, F.A.C. Peti- tions filed with the Administrator of EPA must meet the requirements of 42 U.S.C. Section 7661d(b)(2) and must be filed with the Administrator of the EPA at: U.S. EPA,

401 M Street, S.W., Washington, D.C. 20460. For more information regarding EPA review and objections, visit EPA's Region 4 web site at <http://www.epa.gov/region4/air/permits/Florida.htm>
